BIESSE GROUP BACK TO XYLEXPO

Long-awaited news that feeds expectations for Xylexpo 2014 as the first edition of a new and more positive season. This is the mood after **Biesse Group** announced their decision to come back to the biennial international exhibition of wood technology and furniture industry supplies. The next Xylexpo, scheduled from 13 to 17 May 2014, will have the Pesaro-based multinational company among its exhibitors, following a decision made few days after their return into Acimall, the association of Italian wood technology manufacturers.

*"The current renovation of our association – said **Dario Corbetta**, Acimall deputy manager, in charge for all Xylexpo activities – has surely created the conditions for this new agreement. We welcome the decision of the group's owners and management with great satisfaction, but also with a sense of responsibility and awareness, and a spur to do even more and better for the success of the exhibition".*

A long-expected decision, we repeat, for an industry that has been put to a tough test by a long period of huge economic difficulties; and now, there are hopes that other actors might come back to Xylexpo as well. *"This would be a great sign of unity and shared intent for "made in Italy", undoubtedly a further contribution to the success of Italian woodworking technology around the world",* said Corbetta, who concluded: *"For our part, as we have always done, we will do all we can to make Xylexpo 2014 not only the key industry event in even-numbered years, but also a credible showcase for the Italian industry".*

Hereunder, please find the text of the press release distributed yesterday, Monday, November 25, by Biesse Group.

Biesse, back at Xylexpo, biennial world exhibition in woodworking Milan, 13th-17th May 2014 Pesaro, 22 November 2013 – Biesse Group, multinational company active in the sector of wood, glass and stone-working machinery announces its returns to Xylexpo, after missing the two last editions.
