Below is a summary of participation rates for Xylexpo 2026 and Composites Future. We refer you to the "General Regulations" and the "Technical Regulations" for more information.

As usual, **“early bird”** fees are very attractive, offering a huge discount for registrations submitted **within November 30, 2025**. We have maintained the system of tiered fees, based on the principle of lower unit prices per square meter as the total area increases.

Xylexpo registrations can be submitted **exclusively online** via the www.xylexpo.com website and will be valid after Cepra Srl has received the **advance payment of €50/sqm**, plus the registration and co-marketing fee. The exhibition area will be assigned in order of registration, taking into account the constraints and conditions for an efficient layout of booths inside the halls.

The 2026 participation fees are the following.
